

INTERNATIONAL SURREY COMPANY LTD. proudly offers its newest four-wheel cycle, the *California Cruiser*[™]. Designed for two adults and two children, the *California Cruiser*[™] showcases several of the Surrey Company's new designs. The newly engineered "In-Line" design (patent pending) allows the entire family to ride one behind the other, easily able to traverse narrow pathways. Whether "cruzing" the beach or neighborhood, the *California Cruiser*[™] with its independent front and rear convertible awning top (patent pending) allows the front and rear passenger to independently enjoy the sun or shade. Proven safety features such as rack and pinion steering, front and rear child safety straps, independent freewheel cranks and the new foot and toe guard (patent pending) insure safety as well as enjoyment.

The Surrey Company offers the *California Cruiser*[™] as part of its commitment to offer *Cycles That Move You*[™].
