

EZ RIDER

THE ELECTRIC HYBRID TRIKE

Call Today! 1-800-765-7370

The EZ Rider is the wildly popular electric hybrid 7 speed trike, a real transportation alternative. The EZ Rider has the capability to travel more than 25 miles on a single charge of electric power *alone*. The EZ Rider allows the driver to pedal with or without electric assistance.*

The EZ Rider includes front and rear lights, turning signals, brake light, rear view mirrors, dual disk brakes, 7 speed transmission and adjustable, suspension, recumbent seating. Whether in a retirement community or to and from work, the EZ Rider exceeds all expectations.

** Performance varies on factors such as passenger size and riding conditions.*

**EZ RIDER
